Primary Catalogue

Dear Teacher

Just a reminder to let you know that all titles in the **Excel** range have been fully updated for the Australian Curriculum.

Make sure you check out these now complete Advanced Skills primary series from **Excel**. We have recently released Year 1 and 2 titles to make them complete primary series:

- The new **Excel Advanced Skills Grammar and Punctuation Workbook** series for Years 1–6 includes themed units of work where students are taken through a step-by-step process to improve their grammar and punctuation.
- The updated **Excel Advanced Skills Spelling and Vocabulary Workbook** series for Years 1–6 takes students through themed and scaffolded activities in each unit to improve their spelling and vocabulary.
- The updated **Excel Advanced Skills Start Up Maths** series for Years 1–7 provides carefully graded units of work where students improve their maths skills through structured exercises.

Also, the brand-new **Excel Advanced Skills Reading and Comprehension Workbook** series for Years 1–6 is out now. The first part of each book focuses on reading strategies, such as skimming and scanning, while the second part shows students how to answer the five types of comprehension questions they are likely to encounter: fact-finding, synthesis, inferring, language and judgement questions.

Don't forget the **Excel NAPLAN*** practice book series, which features the most extensive range of titles in Australia to help students prepare for the NAPLAN Tests. These titles can also be used all year round as Literacy and Numeracy resources.

All of the above series are fantastic resources to be used as write-in workbooks in class or as homework books.

I always welcome your feedback as we are dedicated to improving our range to best suit teachers' and students' needs. My email address is vivienne@pascalpress.com.au. Please don't hesitate to email me with your suggestions and comments.

You can view these new resources on a **FREE 30-Day Preview**:

- ★ View resources FREE for 30 days
- ★ Reply paid address for returned items
- ★ No obligation to purchase!

Have a great year!

BESTSELLING SERIES ★

SAMPLE QUESTIONS—READING

Here are some sample Reading questions. You will need to look at or read a text. Make sure you read each question carefully so that you know exactly what the question is asking. Then find the relevant section in the text. Finally make sure you read each answer option carefully in order to choose the correct answer. There is no time limit for the sample questions.

To answer these questions, write the answer in the box or colour in the circle with the correct answer. Colour in only one circle for each answer.

If you aren't sure what to do, ask your teacher or your parents to help you. Don't be afraid to ask if it isn't clear to you.

1. Look at the diagram below and answer question 1. Which part does not match the label? Colour in only one answer.

2. Look at the book cover and answer questions 2 to 4.

3. Who wrote this book?

4. What is this text about?

5. What would you read about in this book?

Answers and explanations on page 15

NUMERACY TEST 1

This is the first Numeracy Test. There are 40 questions.

If you aren't sure what to do, ask your teacher or your parents to help you. Don't be afraid to ask if it isn't clear to you.

Allow around 50 minutes for this test.

Write the answer in the box or colour in the circle with the correct answer. Colour in only one circle for each answer.

1. Here is a table of numbers. Some squares are white and some are shaded. There is a pattern in these numbers.

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31	32	33	34	35
36	37	38	39	40	41	42

What is the next number that should be shaded?

2. Here is a digital clock.

Which analogue clock shows this time?

3. Here is a shape made from different pieces. How many of the pieces are triangular prisms?

4. What is the value of 4 in 9481?

5. Which is the largest angle?

Answers and explanations on pages 171–172

SPELLING Intermediate level questions

Mini Test 6

Each line has a word that is incorrect. Write the correct spelling of the word in the box.

- Len lost his bus ticket.
- James had toste and eggs for breakfast.
- The mother sheep stood with her lam.
- "Is this yer hat?" asked Sonia.
- "Wot time is it?" asked Rafiq.
- We wocht a show about lions.
- People screamed on the roller coaster.
- The lightning struck suddenly.
- Mum raked the autumn leaves.
- We lost electrical powah during the storm.

The words below are in pairs of opposites. In each pair one word is spelled incorrectly. Write the correct spelling of the word in the box.

lowd quiet frenel enemy habee parent

Read the text *New neighbours*. Each line has a word that is incorrect. Write the correct spelling of the word in the box.

New neighbours

A family has bought the house next door to me.

They r moving in

on Satday.

The house has a larje vegetable garden.

I hope they will share their tomatatoes.

Answers and explanations on page 81

EXCEL NAPLAN*-style Numeracy Tests

NON-CALCULATOR Intermediate level questions

Mini Test 21: Angles and Symmetry

In questions 1, 2, 3 and 4, find the number of lines of symmetry for each of the flags?

1. Which angle is the smallest?

2. Which angle is the largest?

3. What are the angles arranged in order from smallest to largest?

4. The diagram shows four straight roads leaving the city centre. Angles are formed between the four roads. The road from Cans to Drake is straight. The diagram is used to answer questions 12, 13 and 14.

12. Which angle is the largest?

13. What is the total of $a + 47$?

14. If $b = 50$, what is the size of c ?

The diagram shows a compass rose and is used to answer questions 15 and 16.

15. What angle is between North and East?

16. What angle is between North and South-East?
